January 2021

Beloved Parishioners,

Before I say anything, let me ask you to please take a deep breath and say, “Thank God for this New Year 2021!”

This last year 2020 has been a challenge for our entire world, for economies, for political parties, for the media, for humble workers, and manufacturers, for healthcare workers and laboratories, hospitals, nursing homes, for churches, even Bishops and priests… The list seems endless, who wasn’t affected by the coronavirus and its devastating wake?

Now we need to take a second deep breath, and to say a second thanks, that we are alive and that we have survived with our faith intact. Our beloved St. Nicholas Church “soldiers on” as does our Metropolis and Archdiocese and Patriarchate. We are rising again to face with abiding courage the challenges that this New Year will bring. May God make us equal to the challenges.

May our new challenges be challenges of healing and restoring and recreating. May they be challenges that lead us to greater hope for our families, communities, and Church. May this New Year open our eyes and our hearts to an ever-deepening relationship with our Savior Jesus Christ, with His Church and with His Saints. May the suffering that we have all by now passed through teach us not to take this life for granted; may it teach us to value every day, every hour, and every minute that God gives us.

This is the month of Theophany. While I do not expect that we will be diving into the cold waters of Lake Huron, we will in our own way be immersing the Cross of Christ in the water and invoking God’s Holy Spirit to once more “hover over the surface of the waters” (Gen. 1:2) and to make us His chosen people by “water and the Spirit” (Jn. 3:5). Please mark your calendars for both the evening of the 5th and for the morning of the 6th of this month. It should prove to be BEAUTIFUL! Together with Father Michael, I wish you a blessed and spiritually fruitful New Year 2021! We look forward to seeing you soon!

Με ευχές και ευλογίες,

Council Report

Coronavirus Update  Our St Nicholas facility remains closed with the exception of Divine Liturgy and other religious services. The protocol of temperature check upon entry, wearing of a mask and maintaining social distancing during services remains in place. Our church has purchased an electrostatic sprayer and the church is disinfected on a regular basis. No ministry meetings are permitted on site. Fr Paul and Fr Michael manage visits by appointment only. These directives remain in place at the direction of our Metropolis, in conjunction with local and State requirements. All services can be attended virtually via our website stnicholastroy.org.

Ernie’s Catering Update  Catered events are managed separately from Church events by Ernie’s Catering and are subject to the State of Michigan executive orders plus any Oakland County orders with respect to the pandemic. All catered events require masks and social distancing. Catering remains available, including take-out/pick-up orders for events. Please consider Ernie’s if you have a catered event coming up. Ernie’s can be reached at (586) 286-8435 or via email at sales2@erniesmi.com. Remember that a portion of all sales from all catered events contributes to our parish finances.

Stewardship 2021  A committee consisting of Father Paul and Father Michael along with parishioners Niko Parks, Katie Chaka, George Mortis, Terry Zangkas and Tina Souphis as well as Council members Nick Kaltounis, Stephen Karniotis, Pat Crosson, Kaethe Economos, Paula Kalevas and Pete Michalakis has been formed. Look for several initiatives to be rolled out in the New Year to strengthen our Stewardship efforts and broaden our parish community events and activity.

Budget 2021
The Council recently developed and approved a 2021 General Fund budget consisting of Income of $623,500 and Expense of $704,694 for a Net Loss of -$81,194. The net loss is primarily driven by the Coronavirus pandemic causing declining contributions which are expected to continue into the first half of 2021. A fundraiser will be required to help offset the decline. The incoming new Council and the newly formed Stewardship Committee will be jointly developing ideas and presenting a fundraiser to the parish in the New Year.

Facilities Update
Procurement of the two new HVAC units authorized at the Oct 7, 2020 Council meeting has been initiated and installation is scheduled by mid-January 2021. Our Internet broadcast system is also being reviewed to improve system performance as there is one camera in the system which is sometimes on intermittently. There are three cameras in the system.

Sunday Divine Liturgy Start Time
Our recent start time survey had close to one hundred responses. Sixty-seven people preferred the 9:30am start time and 29 preferred the 10:00am start time. We will go with 9:30am. Thank you to all who answered the survey.

Parish Council 2021-2022
Our St Nicholas parish By-laws call for a Parish Council of 15-25 parishioners for a two-year term. The current term of 2019-2020 has ended and a new Council is expected to be ratified by His Eminence Metropolitan Nicholas in January. There were 18 nominees for the new Council as of the submission due date of Nov 29, 2020.

**WAY OF THE ASCETICS**
Tito Calliander

Way of the Ascetics is a rich, compact introduction for modern readers to the Eastern Christian spiritual tradition that has been an inspiration to millions for centuries. These compassionate and insightful reflections on self-control and inner peace are meant to lead the readers to fuller union with God. The author makes a generous selection of succinct yet profound extracts from the spiritual Fathers and provides an illuminating commentary and practical applications for daily devotion. He tempers austerity with common sense, warmth, and even humor, as he urges us on our journey toward God. Written for laypersons living fully in the world as much as for clergy, Way of the Ascetics is an excellent resource for daily meditation, authentic spiritual guidance, and a revitalized religious life.

**When You Pray: A Practical Guide to An Orthodox Life of Prayer**
L. Joseph Letendre

Anyone who prays, or has tried to pray and given up in discouragement, knows praying—really praying—is not easy. Praying consistently seems almost impossible. Too often and too easily, prayer becomes a burden: one more item on an already overcrowded to-do list. Failing to pray becomes a source of guilt and stress as we must once again admit our inconstancy and procrastination to our father confessor. Yet, our Lord said, “Come to me, all of you who are heavy laden, and I will give you rest. My burden is easy and my yoke is light” (Matt. 11:30).

The purpose of this book, then, is not to add to the burden, but to ease it by distilling the advice and experience of those who pray.

St. Basil, The Great

St. Basil of Caesaera was quite possibly one of the most impressive people who have ever walked this earth. Not only was he a spiritual giant, performing many miracles throughout his life and standing as a voice of God’s truth in the midst of heated religious debates, but he was also one of the most compassionate, respected, and socially active figures of the 4th century.

One of St. Basil’s greatest accomplishments was the founding of something called a “Basiliad,” which was essentially the first hospital of its kind. It was like a city, housing patients and families, doctors, nurses, and students. It had a separate area for lepers, called a “leprosarium,” as well as centers for hospice. It had a library and training programs, and doctors would record their discoveries and medicinal studies in manuscripts. It was also a house of shelter for the poor.

Now, we may not be impressed, because to our ears, this sounds a lot like a modern-day hospital: patient and doctor residences, specialized wings and buildings, research labs and libraries, and educational and social outreach programs. What we must realize, however, is that it was the first of its kind- it was unlike anything that had come before it. It really was revolutionary. Until Basil established his institution, there was no center of healing that was nearly as comprehensive, humane, forward-looking, and engaged as was Basil’s Basiliad.

Basil was also innovative in his approach to the monastic life. He was among the first to write a comprehensive rule for monks and monasteries. Today, both Eastern and Western Christianity consider St. Basil’s Rule to be one of the most important and foundational documents of monasticism. As a theologian, Basil was the first to thoroughly and boldly claim that the Holy Spirit is, indeed, fully God, having the same nature as the Father and the Son. He wrote a treatise on this topic, articulating the same belief in the Holy Trinity that we hold as true today. Finally, as a social leader, Basil was incredibly influential and humanitarian. In the year 367 there was a great famine, and many people were in danger of dying from starvation. Basil immediately distributed all of his own wealth to the poor, and he convinced those who were hoarding grain and corn to open their granaries and to share with those in need. During the famine he even began serving as a doctor, making good use of the medical skills that he had learned as a younger man.

All in all, we see St. Basil the Great as a man of firsts. He was incredibly courageous and inventive, improving in quite drastic ways upon everything that he got involved with. He essentially established what we now recognize as hospitals, his teachings on monasticism and on the Holy Spirit were formative to Christianity today, and his ability to lead and inspire people saved an entire city from famine. Even at his funeral he was changing the world--many miracles and acts of healing took place among those in attendance. So, what was it that made St. Basil such a giant, what was it that made him so creative, so one-of-a-kind, so “Great”?

We could say that St. Basil was able to do what he did simply because he was born with many gifts. His family was wealthy and well-respected, and he himself was an intelligent man, well-educated and showing promise as a lawyer, politician, or philosopher. Taking all of these gifts into account, however, is still not enough to explain the incredible extent of St. Basil’s impact on the world around him. Many people were born into noble families, and many had the resources that Basil had, and yet, we don’t even remember many of their names.

Continue on page 8
The reason that St. Basil was so unique, so truly great, is because he used all of his resources for the glory of God. His wealth and education he used to establish hospitals and shelters for the poor, his intelligence he used to articulate and defend truth, and, when he eventually found himself in a position of power, he used his power for righteousness and justice. Everything that Basil was given, he gave back to God. He worked with God, and for God. This is what allowed him to be such an incredible leader, a great man, a saint. This is why the whole world remembers Basil of Caesaera.

As we begin the New Year, let us be encouraged by St. Basil’s example. Let us look for the gifts that God has given us, endeavoring to unlock their full potential by using them to glorify God and to lift up brother and sister, friend and our neighbor, stranger and enemy alike. Let us imitate St. Basil and give our gifts over to God, allowing Him to touch the world through our own lives, our own gifts, and our own talents.

AXLADAKIA (SMALL PEARS)

3 cups walnuts (or skinless almonds) – finely ground
1 cup plain breadcrumbs (some use the recipe for Anditheron, others use Zwieback (Holland Rounds)
1 ½ cups sugar
½-1 cup milk (add until consistency feels good)
2 tsps real almond extract
Maraschino cherries with stems

Mix nuts and breadcrumbs together.
Warm milk, then add sugar, stir to dissolve.
Add almond extract.
Add liquid to nut mixture, stirring until desired consistency.
Take a tablespoon of mixture, or more if needed, and roll it around each cherry, be sure the stem is sticking out of the top, and form by hand into a pear shape.

The “pear” can then be rolled in colored sugars. (Red and Green for Christmas; white for weddings; blue or pink for baptisms; red, white and blue for patriotic holidays, etc.)
The recipe yields at least a dozen to two dozen depending on how plump you form your” pears”
